JOB REFERENCE: JR.SOFTWARE EXPERT

Dear Smita,

I am writing to express my interest in the Software Engineer position at the logic factory, as referenced by Deep Trivedi. With a high motive for entry in software development and a passion for creating innovative solutions, I am confident in my ability to contribute to your dynamic team.

One of my notable project includes Medipedia, where I led a team to successfully deliver a platform where doctors can efficiently add or view prescriptions of patients. This project not only showcased my technical skills but also honed my ability to collaborate with cross-functional teams and adapt to changing project requirements.

I am particularly drawn to The Logic Factory because of its reputation for fostering innovation and its commitment to work in professional and International culture. I am eager to contribute my skills and expertise to help The Logic Factory continue to thrive and exceed its goals.

I am impressed by the challenging work environment at The Logic Factory , and I am confident that my technical skills, coupled with my problem-solving abilities and dedication to continuous learning, make me a strong fit for this position. I am excited about the opportunity to contribute my expertise to your team and to grow as a professional in your esteemed organization.

Thank you for considering my application. I look forward to the possibility of discussing how my skills and experiences align with the goals of The Logic Factory. I am available at your earliest convenience for an interview and can be reached via email at priyenparekh772@gmail.com or by phone at 8866022401.

Sincerely,

Priyen Parekh
